

YOUR DEDICATED AI TEAM · FOR SATTVA GROUP

One platform for the entire organisation.

Start with Land. Expand everywhere.

We become your in-house AI team. We **diagnose** where time, information and decisions leak across your business, **build** the systems that fix it, and **deploy** them onto the Munshot platform — an always-on AI layer that does the manual work across every division, so your people decide instead of dig.

UNLIMITED USERS · EVERY DIVISION · ONE SUBSCRIPTION

DIAGNOSE

We map where your teams lose time, miss information and slow decisions.

BUILD

We build the dashboards, AI agents & automations that close those gaps.

DEPLOY

We ship them live on the **Munshot platform** — unlimited users, every division.

THE LAND DIVISION — 17 CAPABILITIES IN ONE PLATFORM

Drop a Google pin. Get everything. In minutes.

What takes your team the better part of a day, the platform does in minutes — pulled, cross-checked and scored from every government source, and then watched around the clock.

01 **Pin → survey number** — village, hobli, taluk & district

03 **Disputes & court cases** — stays, injunctions & revenue matters

05 **Certified sale deeds** — auto-applied for and retrieved

07 **CDP master-plan zoning** — superimposed on the map

09 **Proximity risk flags** — graveyards, govt land & water bodies

11 **Fees & payments** — government fees via a prepaid wallet

13 **24/7 monitoring** — every tracked parcel, always watched

15 **Dynamic growth & risk score** — weighted to your view

17 **Complete due-diligence report** — your path to go / no-go

02 **Present owner & RTC** — holdings, shares & mutation history

04 **Encumbrance & history** — every transaction & document number

06 **Conversion status** — agri → non-agri, read from the deed

08 **Village-map overlay** — survey boundaries, lakes & nalas

10 **Unified parcel profile** — every record joined, gaps flagged

12 **Kannada intelligence** — documents translated & structured

14 **Litigation screening** — across all current & past owners

16 **Favourites & rejection tracking** — full history & auto re-checks

 **Cross-verified & discrepancies highlighted** — sources reconciled, never hidden

ONE JOIN KEY UNIFIES EVERY SOURCE

The **survey number** ties together Dishaank, Bhoomi, Kaveri, the CDP master plan and e-Chavadi into a single parcel view.

COVERAGE & ALWAYS-ON

Bangalore Urban, Bangalore Rural & Mysore — every favoured parcel monitored 24/7, its score moving as the world moves.

ONE SUBSCRIPTION · EXTRAORDINARY VALUE

Everything your company needs, for one flat fee.

₹5,00,000 a month is not a licence for one tool — it is your entire organisation's access to an ever-growing intelligence platform. Every rupee buys more each month.

INCLUDED IN EVERY MONTH

- ✓ **Unlimited users** — everyone, no per-seat cost, ever
- ✓ **Unlimited usage** — no per-search, per-report or per-run charges
- ✓ **Every division** — one platform, not many disconnected tools
- ✓ **The full dashboard library** — fork, brand & deploy in days
- ✓ **Hosting, infrastructure & unlimited AI usage**
- ✓ **New modules as the library grows** — added at no extra fee
- ✓ **Continuous 24/7 monitoring & alerts**
- ✓ **Onboarding, training & priority support**

CHOOSE FROM AN EVER-GROWING LIBRARY — ACROSS EVERY DEPARTMENT

Land Live first · acquisition intelligence	Sales Lead & pipeline intelligence	Marketing Campaign & brand monitoring
Legal Compliance & case tracking	Operations Project & delivery tracking	Finance Management & MIS reporting
Procurement Vendor & cost intelligence	HR Workforce & hiring analytics	Market Intel Competitor & sector signals

Where a module already exists, your team simply **picks it, forks it, brands it and deploys it** across a division — included in the ₹5,00,000. The library grows every month, so **the platform becomes more valuable at the same price**.

End-to-end security, by design.

- ◆ **Encrypted** in transit & at rest
- ◆ **Role-based** access controls
- ◆ **Isolated** client environment
- ◆ **Full audit trail** on every action
- ◆ **You own your data** — always
- ◆ **Never reused** outside your engagement

COMMERCIALS

Simple, and built to grow with you.

THE WHOLE PLATFORM

₹
5,00,000
PER MONTH · ALL-INCLUSIVE

Your entire organisation, every division, on one always-on platform.
